Thank you! I routed the project to eComply for set up this morning. That will allow for enough time to get the rates in place. I will schedule the onboarding and training for the latter part of January. Please expedite the following information so that I can get everything scheduled.

Good Morning Jamie,

The City added 20 working days to the contract. Please update your proposal and email it over, if we could get it by the end of the week that would be great. We have a kickoff meeting with the contractor today. I will give you the contact info once I have it all compiled so you can coordinate your stuff.

Hi Jamie,

No federal requirements on this one. Funding is coming from SB-1 and Measure R.

Good Afternoon David,

Does this project contain federal funding that would trigger the Davis Bacon wage requirements? I see a mention of the Fair Labor Standards Act although no mention of the Davis Bacon Act.

We have some exciting news! New Year, New Name!
